Racketeering trial opening

Racketeering—use of official powers for personal gain—will be alleged and denied during a trial, opening today, that may last about two weeks.

Jury selection proceedings began at the federal district court in Alton this morning.

Defendants are Madison Alderman Ronald Grzywacz, a former policeman; Madison Police Sgt. Richard Krushok;

and former Madison policeman Edward Goelan.

Lawrence Fleming of St. Louis is the defense attorney for the three men, who were indicted March 31 by a federal grand jury in Springfield.

U.S. Attorney Gerald Fines of the Springfield district went to Alton last week to complete his preparations for the trial and will lead the prosecution.

Assisting Fines will be Assistant U.S. Attorney Thomas Turner and Cass Weiland, an investigator with the Public Integrity Section of the U.S. Department of Justice, Washington, D.C.

Weiland and another departmental investigator from Washington worked with Fines during the multi-year investigation.

The three defendants are not the only persons thought to be targets of the federal investigation, but no other indictments have been announced.

Witnesses may number in the dozens during the trial at Alton. While the allegations center on the trio's role as members of the Madison police department, Grzywacz is accused of also having a "relationship with the office of the sheriff of Madison County."

The three entered pleas of innocent at their arraignment.

Grand jurors who heard testimony and evidence during the investigation leading up to the indictments said they found a conspiracy in which officers utilized their "official positions to ask, seek, solicit and accept payments from business establishments, while intending to be influenced in the performance of acts related to their employment and functions as public officers."

It is contended that businesses in Madison and in Madison County were forced to pay money and to provide sexual favors—for "protection" and to avoid harassment.

The indictment charges that the three police made false denials while giving grand jury testimony under oath.

Killed on Rt. 3

David Phillips, 18, Bethalto, was fatally injured when his car, a tractor-trailer, was involved in an accident at 6:30 a.m. Friday on Illinois Route Three at the Hartford Canal bridge north of Mitchell.

Illinois State Police said the tractor-trailer of Harold Surber, Collinsville, had just entered Route Three southbound

from a side street and was struck from behind by Mr. Surber's southbound auto.

The front of the auto went under the trailer, causing extensive damage to the car's front end.

Mr. Surber was taken by ambulance to Wood River Township Hospital, where he died at 9:30 a.m. Friday.

'Stingray' premiere

"Stingray" the first motion picture to be filmed entirely in Madison County and the St. Louis metropolitan area in 17 years, will have its world premiere in St. Louis on Friday, June 30, at 14 theaters and drive-ins.

Released by Avco Embassy Pictures, it is a high-speed chase picture starring Chris Mitchum.

Highlighting the premiere will be two days of activities, including a parade of Corvettes, a beauty contest, and a special night at the St. Louis Inter-

national Speedway south of Madison.

The Boone Trail Corvette Club and Avco will take over the speedway Thursday for a night of vehicular racing events, with celebrities from the film in attendance.

"Miss Stingray" will be crowned and will participate in a "Stingray Parade of Stars" as will two actors in the film, Les Lannon and Sondra Theodore. They will be making appearances at theaters showing the film on premiere night.

Holiday festival

The traditional Fourth of July celebration in Wilson Park will start at 6 p.m. Friday, June 30, and continue daily through Tuesday, July 4, with a massive fireworks display at 9 p.m. July 4, climaxing the festivities.

Carnival rides and concession stands, the latter operated by local civic, service and youth

groups, will open for business at 6 p.m. Friday.

For the tenth consecutive year, Granite City Park District has contracted for the Ray Swayer Carnival rides of New Athens, Ill., a firm highly regarded for the quality of its equipment and personnel.

Harold Brown, park district

superintendent said today.

The celebration will get under way again at 1 p.m. Saturday, July 1, and a dance for teens is scheduled from 7 p.m. to 10 p.m.

Men and women's softball tournaments also begin Saturday at Wilson, Worthen and West Granite parks.

VISUAL INSPECTION of Beeler Crossing between Reveille Lane and Highway 162 in Nameoki Township is made Thursday by the township's highway commissioner, Frank Mehelec, left, County Board Member Louis Whitsell, center, and Don Richardson of the Illinois Commerce Commission. The township repeatedly has asked the railroad to repair the crossing and to raise the track in the foreground about one and one-half feet to the level of the tracks near which the men are standing. The crossing is narrow, allowing the passing of only one auto at a time. The original crossing was dedicated in 1915 and has remained at about the same width since. Also inspected were the Lake Drive and Mockingbird Lane crossings which also are in need of repair.

20 presidential scholars

Selection of 20 "exceptional high school graduates with high academic potential" as recipients of Presidential Scholarships at Southern

Illinois University at Edwardsville, effective in the fall quarter, was announced Thursday by Dr. Kenneth A. Shaw, president of the

university.

Included are Granite Cityans Joan L. Fabisher, 2571 Pontoon Road, and Roland V. Langston, 2164 Miracle Ave.

Horse wouldn't want to live here but thinks city is a nice place to visit

A lone horse which gets his (or her) Saturday bath in the backyard of a home in the 2500 block of Grand Avenue may cause the enactment of a city ordinance that would ban all horses from Granite City at all times.

Such an ordinance has been requested by Alderman Roy Poulos of the Third Ward who told council members in a

meeting last week that he is being flooded by complaints from residents of the neighborhood.

"They (the neighbors) say the horse is creating a bad odor and is a nuisance, even though it is brought to the house only on weekends," Poulos said.

He referred council members to City Inspector Emerald

The "presidential scholars" are all from the Southwestern Illinois and the greater St. Louis region.

They will receive four-year scholarships, including payment of all tuition and fees and individualized educational opportunities.

The selectees are the first to be named through the Presidential Scholars Program (PSP) announced by Dr. Shaw in October.

Launching a PSP fund drive at a meeting of the University Foundation, the president said, "The Presidential Scholars Program proposes to award talent grants to students or prospective students who have demonstrated that extra intellectual spark and drive that

Passage of Senate Bill 1506 by the Illinois House on Friday was hailed by the bill's sponsor, Senator Sam M. Vadalabene, D-Edwardsville. It would appropriate \$641,000 in planning funds for a new multi-purpose physical education, recreation and athletic facility for Southern Illinois University at Edwardsville.

"Congratulations should go to all members of the House who understood the overriding need for this facility," Vadalabene commented.

"Special congratulations should go to Representative Jim McPike and Representative Everett Steele who jointly cosponsored the measure and guided it to passage. They both did an outstanding job. With bipartisan support, this project rose to the top of House con-

sideration just like cream rises to the top of the churn.

"Citizens of the 56th Legislative District and everyone who will benefit from this building should band together immediately to urge Governor James Thompson to sign the bill.

"We need this last push to insure that the planning can go forward to provide the local university with a facility that has been needed urgently for several years.

"First and foremost, we must remember that SIUE is the only major public institution in Illinois without such a facility.

"Secondly, let's make sure the governor knows that the highest priority is the educational development of a full scale physical education

Former chief Wojcik dies

Madison County Sheriff's Deputy Stanley W. Wojcik, 64, former chief of police of Madison, was pronounced dead on arrival at St. Elizabeth Hospital at 4:50 p.m. Friday after suffering an apparent heart attack while trimming trees next to his home.

Madison volunteer firemen used an inhalator to try to keep him alive until an ambulance arrived, but the effort was unsuccessful. He had suffered a heart ailment about one year.

Mr. Wojcik served nearly 20 years on the Madison police force when he was named chief in 1962, replacing Barney Fraundorfer, who was elected Madison County Sheriff.

Davis is chosen for position in campaign

Harley G. Davis, First Granite City National Bank executive vice-president, has been named Tri-Cities Area United Way fall 1978 campaign Business Division solicitation chairman.

Announcing the appointment was the United Way general campaign chairman, William P. Donovan, works manager of the American Steel Foundries in Granite City.

"Harley's acceptance of a key volunteer solicitation leadership position this year is a clear indication of his interest in the growth and preservation of private philanthropy in our community.

"His work in the United Way will be of real benefit to people

There's good news today

Movies may have the "Bad News Bears," but the Quad-City area has lots of "Good News Bears," according to the Community Pride Committee of the Tri-Cities Area Chamber of Commerce.

Surveying the past few weeks, the committee said, "First we'll tell you the good news, and then we'll tell you some more good news."

Problems? Well, there are other committees to deal with those.

A few of the positive developments being cited during the late spring and early summer are the following:

The fast-moving construction of the Granite City Police Building.

The federal plan for Madison city redevelopment.

A reduction of crime in the Tri-Cities.

The grand opening of the CSC Computer Systems Center.

Recognition for Duane Rankin, director of the Venice-

Lincoln Technical Center.

That's how the old saying has it. Kids have that in common with cats—CURIOSITY. Medicines, both prescribed and over-the-counter, are generally not for children. They should be kept out of reach so as not to tempt inquiring fingers. Admonishments sometimes create curiosity where none existed, so just plain out of sight and reach protects innocent lives.

The presidential scholars were recruited and selected by the Presidential Scholars Committee, appointed by Vice-President and Provost Earl Lazerson to operate and implement the pilot phase of the program in accordance with recommendations made by a PSP task force last year.

The task force emphasized that the program should not only provide individualized educational opportunities to many outstanding students, but also should serve to stimulate and publicize scholarly activity among both the students and faculty of the university.

Each presidential scholar will be a member of the Dean's College.

Howard Davis, coordinator who also served as chairman of the PSP task force, said membership in the Dean's College will provide the students greater flexibility in their program planning.

Each scholar also will be assigned a mentor — a faculty member who by reason of scholarship, interest and

sensitivity is highly qualified to serve as a personal adviser and teacher, Davis said.

Commenting on the program, President Shaw said, "From the standpoint of the growth of the university, the presence of this bright, talented student on our campus is crucial in our drive for authentic excellence."

"If the university is to achieve its aspirations for excellence, we have to be constantly striving to upgrade the quality of our student body."

Hits parked cars; two are injured

Two young men were injured when their auto struck two parked cars in the 1800 block of Edwardsville Road at 12:40 a.m. Sunday.

Marvin Miller and Rick Pulley, 18, both of 2015 Washington Ave., Apt. 2, were treated at St. Elizabeth Hospital after the accident. Miller, the driver, suffered only minor injuries, but was shaken.

Pulley, a passenger, had an abrasion to his right hand and underwent a series of X-rays. Both were released after treatment.

Miller said the street was dark and he was unable to see the parked cars until it was too late to avoid striking them. The cars belong to William Herman, 504 Margaret Ave., Mitchell, and Lewis Wood, 1829 Edwardsville Road.

Miller was issued tickets for careless driving and improper lane usage.

Girl, 5, hit by car here

Five-year-old Mary Miller, Freeburg, Ill., was struck by the car of Carl Brummond, 4015 Pontoon Road, in the 3000 block of Kaseberg Lane in Ponton Beach at 6:25 p.m. Saturday. Brummond said two small girls were walking along the side of the street when one suddenly started to cross the street in front of his car and he was unable to stop before striking her.

She was taken by ambulance to St. Elizabeth hospital where she was admitted for observation with hematoma behind her right ear, an abrasion to her left shoulder and superficial abrasions to both knees.

Officials said the girl's family was visiting relatives in the mobile home park when the accident occurred.

Clyde Favier found dead

Clyde Favier, 65, of 2128 Edison Ave., was found without signs of life in a storage shed at the Elks Club, Niedringhaus Avenue and State Street, at 9:25 a.m. today and was taken by Granite City ambulance to St. Elizabeth hospital where he was pronounced dead on arrival at 9:50 a.m.

A heart attack is suspected, but an inquiry will be conducted to determine the cause of death. A son found him in the storage room and it could not be determined how long he had been there, authorities said.

A three-man team of ambulance personnel trained in cardio-pulmonary resuscitation (CPR) worked on Mr. Favier from the time they arrived on the scene until they reached the hospital and emergency room personnel continued efforts to revive him at the hospital. The efforts were unsuccessful in restoring signs of life, it was reported.

Mr. Favier is survived by his widow, Mrs. Louise Favier, and by several children. Additional details may be found in the obituary column.

Dr. Troyer dies suddenly

Dr. Raymond E. Troyer, 70, of 3312 Franklin Ave., died early Sunday morning after he was stricken at Camp Manitou, Dowagiac, Mich., where he was serving as a minister.

He was taken to Lee Memorial Hospital at Dowagiac, where he was pronounced dead on arrival.

He was born in Carleville, Mo., and was a retired professor of psychology at Southern Illinois University at Edwardsville, having taught there since 1960.

Prior to joining S.I.U., Dr. Troyer taught at Montana Eastern State University, Billings, Mont. He received his Doctor of Philosophy degree in psychology from the University of Chicago.

Dr. Troyer was high priest and patriarch of the Reorganized Church of Jesus Christ of Latter Day Saints.

He was a past president of the Granite City Optimist Club and of the Quad Cities Ministerial Association.

He currently was on the board of the YMCA and Coordinated Youth Services.

He is survived by his wife, Mrs. Marjorie Troyer; three daughters, Mrs. Arnold (Donna) Weeks of Raleigh, N.C., and Mrs. Roy (Carolyn) Faulkner and Mrs. Daniel (Sandra) Crockett, both of Granite City; two sons, James Troyer of Woodstock, Ill., and Arthur Ronald Troyer of Granite City; eight grandchildren and two great-grandchildren.

Funeral arrangements are listed in today's obituary column.

REINHARDT, ELECTED
The Chiropractic Information Bureau of metropolitan St. Louis has installed William Weindl, D.C., as president, it was announced Friday. Other officers elected were: Richard Reinhardt, D.C., 2861 Madison Ave., vice-president, and Grant Reiter, D.C., secretary-treasurer.

69,168 DRIVERS FAIL

Last year in Illinois alone, 69,168 of the drivers tested failed the written test on their first attempt. Experts say "one of the reasons is that rules have changed and drivers don't keep up with all the changes." Are you going to be among the thousands of drivers that will be tested this year?

If you're nervous and concerned about being tested when you have to take your test and don't want to fail or lose your license, here's good news. You can now purchase "HOW ONLY" \$7.25 + 75c handling. Order by Friday of this week.

Chief Circuit Judge Moses Harrison II later said closing of the courthouse addition would cause a further shortage of courtrooms at a time when remodeling of the courthouse has already caused a serious space shortage.

The Annex houses one courtroom, the offices of Associate Judges Clayton Williams and George Filcoff, and the courts' family and small claims divisions.

Harrison said he plans to meet at 8:30 a.m. Tuesday with the county's judiciary committee to attempt to find a solution, at least for nearly a year until the courthouse remodeling is completed.

Rent rising, court space is shrinking

The Madison County Board may seek new quarters soon for offices now located in the Courthouse Annex Building, across the street from the courthouse at 111 N. 2nd St., Edwardsville. The building's owner has raised the rent, effective Aug. 1.

Lindsay-Schaub of Decatur, owner of a newspaper chain which includes the Edwardsville Intelligencer, next door to the Annex building, has raised the Annex rent \$500 per month, from \$750 to \$1,250, leading to critical comments by board members about the Intelligencer, which is often critical of county government spending.

Board Member James Heil of Godfrey said at a board meeting, "They sit in their newspaper (office) and tell us what a bunch of jerks we are, but when it's their ox that's being gored, it's a different

matter. They're just a big syndicate owning a lot of newspapers who want to get in the taxpayers' pocket."

William Webb of Granite City added, "Here's a chance for the good old Intelligencer to save the taxpayers some money. Why don't — instead of \$1,250 — they save the taxpayers and make it \$250?"

The county buildings committee recommended that the county enter into a one-year lease with Lindsay-Schaub while other facilities are sought. The recommendation failed on an 11-12 vote.

The Intelligencer responded to the comments with a front-page article which contended some board members may have voted against the lease because of their feelings about that newspaper.

It explained that the Intelligencer did not raise the rent to the county, but that the Lindsay-Schaub firm had.

Both door windows of the pickup truck of Fred E. Straub, Mount Olive, were broken and the windshield of the car of Timothy Luehmann, 4524 Edwardsville Road, was broken.

The right front tire of Luehmann's auto also was slashed. A third vehicle had windows broken, but the owner said he did not need a police report and drove from the scene before police arrived, officers were told.

REVOLVER IS TAKEN
A .32 caliber revolver valued at \$130 was stolen from the home of McKinley Smith, 713 Jackson St., Madison, about 7:40 a.m. Saturday. The theft is believed to have occurred while Smith's wife was working in the garden beside the home and four small children were playing elsewhere in the house. Entry was believed gained through the unlocked rear door.

'Music Under Stars' Tuesday at park rink

The "Music Under the Stars" choruses will present their second concert of the season at 8 p.m. Tuesday in the Wilson Park rink pavilion.

The Granite City Park District sponsors the choral program which is under the direction of Mrs. Mary Ann Bright.

Tomorrow evening's presentation will feature a light program of various musical styles, Mrs. Bright said.

The Children's Chorus will perform: "When the Saints Go Marching In"; "Goodnight Ladies"; "You Light Up My Life"; "The Lord Is My Shepherd"; and "Happiness." The Adult Chorus will present selections from "My Fair Lady" and "West Side Story"; contemporary numbers.

Holiday

(Continued from Page 1)

A matinee period for children from 2 p.m. to 4 p.m. will highlight the festival on Sunday, July 2, with a special clown visitor greeting the youngsters, and reduced fees on rides.

Rides and concession stands Sunday will operate from 1 p.m. to 11 p.m., and a country-western show is set from 8 p.m. to 9:30 p.m. Sunday.

A children's matinee and clown visitor will be repeated from 2 p.m. to 4 p.m. Monday, July 3, with the carnival's general operating hours from 1 p.m. to 11 p.m.

On the Fourth of July, the rides and concessions will operate from 1 p.m. to 11 p.m., with the mammoth fireworks display starting at 9 p.m. sharp, Brown said.

Horse wouldn't

(Continued from Page 1)

Dawes who, Poulos said, has tried unsuccessfully to get the horse's owner to cooperate by taking the horse somewhere else, preferably outside the city limits, to give him his bath and stake him out.

Dawes explained that the horse is brought to the neighborhood by the owner only on Saturday or Sunday, or both, to present the animal at horse shows.

"The owner never keeps the horse here overnight, but stables him elsewhere outside the city during the nights and through the week," Dawes explained. He said he has asked the owner not to bring the animal to his yard, but that the man has not cooperated.

Poulos asked City Attorney Lance Callis if the owner was violating the existing city ordinance that prohibits raising or keeping livestock in the city.

Callis replied that under the present law, the owner legally can bring the horse into the city.

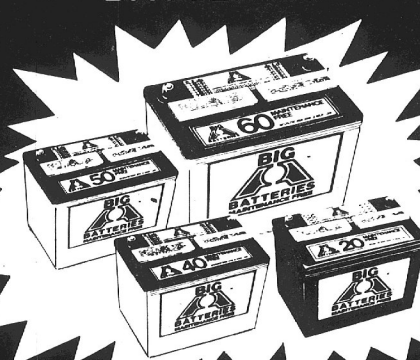

"He would be violating the law if he kept the horse in the city overnight," Callis said. "He doesn't do that. He always takes the horse somewhere else at night," Dawes replied.

"The present law prevents anyone from keeping animals in the city. It does not prohibit them from bringing them into the city temporarily," Callis noted.

Poulos asked that an ordinance banning horses at all times be brought in by the city attorney, but several aldermen suggested that Dawes talk again with the owner about the problem, proposing that if the owner continues uncooperative such an ordinance would be prepared.

Ask street be vacated

The traffic committee of the Granite City Council is to study a request by Granite City school district administrators that the 2100 block of Iowa Street in which McKinley School is located be vacated to permit safer use of a park area developed by the school's Parent-Teacher Association.

The request was made of the council at a meeting last week in a letter from Don Stucke, School Board president, who said there are no other property owners in the block and that vacating the street would not interfere with access to any properties.

Stucke said in the letter that the PTA has developed a playground in a park area in front of the school. He said barricades would be used to block off the street and that only pedestrian and bicycle traffic would be allowed within the blocked-off area.

Alderman Charles Douglas said he had talked with School Superintendent B. J. Davis and suggested the street be blocked off only during school hours when the playground would be in use, and that Davis accepted the suggestion favorably.

The matter was referred to the traffic committee headed by Alderman Sam Whitmer for further study and a report to the council before action is taken. The aldermen also were informed last week that the Illinois Department of Transportation has approved an appropriation of \$203,795 in motor fuel tax funds to finance the city's 1978 arterial street

Warn of fireworks danger

Watch it with fireworks this year, Edgar T. Britton, executive director of the Illinois Society for the Prevention of Blindness, warns all parents. Society statistics, which go back more than four decades, indicate that from 30 to 50 Illinois youngsters will suffer serious eye injuries this 4th of July holiday season.

"Thirty if we have a relatively safe year such as we had in 1977," says Britton, "or fifty, if we are closer to the average for all years."

"Illinois," Britton goes, "has had legislation banning the sale and use of fireworks since 1941. Unfortunately, many other states, including several adjacent to Illinois, have not prohibited their use, and illegal roman candles, cherry bombs, skyrockets, cone fountains, wheels, torches, sparklers, M-

80's and other firecrackers continue to be bootlegged into the state."

Parents, Britton emphasizes, have to hang tough on the problem of fireworks. The only way they can protect their children from injury is to outlaw fireworks for their family and cooperate with law enforcement agencies to stop the sale and use of fireworks in their neighborhoods.

Halts bike theft; tools are stolen

About six youths were seen in the garage of Ronald Dillard, 2725 Sunset Drive, at 11:30 p.m. Wednesday and a neighbor prevented one from stealing a bicycle. It later was discovered that Dillard's tool box containing about \$250 worth of tools had been taken.

A neighbor said she saw the youths in the garage and went to investigate. The youths then walked different directions, but one was pushing a bicycle from the garage. She said she told him to stop, but he then ran with the bicycle.

The neighbor chased the youth until he dropped the bicycle and ran away. She then returned the bicycle to the owner. The tools have not been recovered.

Harvey Williams dies at 64

Harvey N. Williams, 64, of Box 474, Rte. A, Glen Carbon, succumbed to a lengthy illness at home at 6:25 p.m. Thursday.

A former resident of Granite City for four years, Mr. Williams had lived in Glen Carbon for the past 30 years. He had been ill for nearly 10 years.

Mr. Williams was born in Keyesport, Ill. He was a member of the Maryville Assembly of God Church.

He retired in 1968 at Granite City Steel, where he was employed many years as a crane-man.

His wife, Mrs. Fern Williams, died Feb. 27, 1966. Surviving are two daughters, Mrs. Gus (Tammy) Broyles and Miss Robyn Williams, both of Paragould, Ark.; one son, Jerry Williams of Glen Carbon; two sisters, Mrs. Terry Shoemaker of Mount Vernon, Ill., and Mrs. William (Ruby) Reynolds of Glen Carbon; two brothers, Leo W. Williams of Glen Carbon and John Williams of Missouri; and four grandchildren.

Mrs. Taras, 81, dies at home

Mrs. Helen (Yagene) Taras, 81, of Maple Street, died at her home at 8:30 a.m. Friday.

She had been in ill health for the past two and one-half years. Born in Austria, Mrs. Taras had lived in Granite City for the past 60 years.

Her husband, Wesley Taras, died in April 1976. Mrs. Taras is survived by two daughters, Mrs. Paul (Helen) Zerlan of Granite City and Mrs. Max (Marie) Crisman of Belleville; two sons, Frank and Charles Taras, both of St. Louis; 13 grandchildren and 15 great-grandchildren.

Funeral services are being held at 11 a.m. today. Details are given in the obituary column.

Medical insurance cost up, so is Social Security check

Starting July 1, the basic premium for the medical insurance part of Medicare will increase to \$8.20 a month, up from the \$7.70 it has been since July 1977, John Nathan, Social Security district manager in East St. Louis, said today.

People who pay the premium directly will notice the increase in their bills. But, Nathan said, those who have the premium deducted from their Social Security check probably will not notice the increase because of the much larger increase in their Social Security check as a result of the cost-of-living increase that goes into effect with July checks.

Some people pay a higher amount than the basic

premium. This is because there was a period of 12 months or more that they were eligible for medical insurance but were not enrolled for this protection.

The increase in the basic premium amounts to 10 percent for each such 12-month period. "Even with this slight increase, medical insurance represents a real buy," Nathan said.

"This is because the people pay only about 30 percent of the cost while the federal govern-

ment pays the remaining 70 percent from general revenues."

The basic premium will remain \$8.20 a month through June 1979.

Those interested can get more information about Medicare and about Social Security retirement, survivor and disability benefits at the East St. Louis Social Security office, located at 650 Missouri Ave., or may telephone 274-4100 or Enterprise 1-555.

Talk on past regiment here

Ed Gerling, president of the Highland Historical Society and a member of the board of trustees of the Louis Lutzer Library of Highland, will be featured at the next meeting of the St. Clair County Genealogical Society Thursday, July 6. He will speak on "Military Records and the McKendree Regiment of St. Clair and Madison Counties."

Gerling has done considerable research on his German ancestors who settled in Madison County. In addition to his genealogical interests, he is past national commander of Wheelmen, an organization which restores and rides antique bicycles.

The public meeting will be held at Belleville Township High School East at 7:30 p.m. July 6.

Above . . . A crowd of nearly 13,000 anxiously awaits the beginning of Thursday night's concert featuring recording artists America with special guests Pure Prairie League at the Mississippi River Festival.

At right . . . Opening act Pure Prairie League gets in close and tight performing one of its most successful hits "Amy." A light rain held off until after the intermission between acts.

Below . . . Acoustic guitars and voices blend and harmonize for top-billed America's rendition of "Tin Man," one of the group's top-selling hits. A light rain fell during America's performance but did little to dampen the spirits of the crowd.

Vandalism crackdown

Granite City police have undertaken a concentrated effort to halt vandalism after a recent wave of window shootings and other damage to property.

"We have instructed our officers to beef up their efforts to catch vandals and we will prosecute any we catch to the full extent of the law," Lt. Col. George Teller said Friday.

The presentation was made Thursday evening by GC Steel President James V. Slack at a dinner at Charlie's Restaurant in Granite City. Cuelo accepted the plaque on behalf of all the people in his department, the department of Metallurgy and Quality Control. He said, "I credit our supervisors, for the most part, for pursuing the many projects involving better and less costly methods of processing steel."

Pres. Slack, in presenting the recognition plaque, praised the innovative efforts of Cuelo and his staff in setting up cost-reduction objectives and

planning ways of reaching those objectives. He said top management's goal of reducing costs is a requirement for all National Steel divisions, resulting from inflated costs of raw materials and services.

"We've got to offset rising costs if we are to insure the continued profitability of this division and the entire corporation," Slack explained.

A formal cost improvement program has been started at GC Steel.

Headed by Cost Improvement Manager George A. Carbin, it seeks to pinpoint various ways of cutting costs and then following through. Carbin said the program will welcome the help of employees at all levels.

Improve turning area at Chain of Rocks and Rt. 3

The design for improvement of the intersection of Illinois Route Three and Chain of Rocks Road has been requested through the Federal Highway Administration. The improvement consists of modifying existing traffic signal devices and the right-turn area at the intersection to increase safety at this high-accident location.

No public hearing will be held for the project, since no additional right-of-way will be required.

Maps, sketches and other information are available at the Illinois Transportation Department District 8 planning office, 4820 W. Main St., Belleville, 8 a.m. to 4:30 p.m. Monday through Friday except for state holidays. The telephone number is 235-0886.

Investment plan passes \$3 million

John Sobol of John Sobol Realty USA has announced that the real estate company has topped the \$3,000,000 value mark in an executive investor program started in early 1977.

Thus far, 180 apartments in and around Granite City have been acquired by local investors. Sobol and James Honnoll, associate broker, remain as general partners and retain management in many of the ventures.

Some of the projects include Grant Park Apartments on Briarhaven Drive, Maryville Garden Apartments, formerly the Shamrock Apartments on Maryville Road, Montclair Apartments on August Street, and eight apartment buildings on Gaslight Walk and Rodney Drive now known as The East Manor Apartments.

"The response we've gotten from all local participants in the program reflects a solid endorsement of Granite City real estate values for now and the future," Sobol said.

"There is a big demand for apartments as an alternate investment to other securities. By taking an ownership position coupled with management, we find that we have more buyers than sellers."

Dental school alumni society

Organization of a constituent society for alumni of Southern Illinois University at Edwardsville's School of Dental Medicine has been approved by the SIUE Alumni Association board of directors.

"While the general association serves alumni as a whole, the constituent society concept is designed to meet the specific needs and interests of graduates of the various schools or major departments of the university," Warren Stoekey, executive director of Alumni Services at SIUE, explained. "We feel these particular graduates have much in common and can plan programs and activities to best meet their needs."

The association has three other constituent societies: Business, Nursing and Mass Communications. Led by its own board of governors, the constituent society works within guidelines set by the Alumni Association.

Stoekey said; the society cannot charge dues, but receives its support from the parent association. Initial members of the School of Dental Medicine's constituent society board are Sheldon Cohen, St. Louis, president; Dean Drake, Belleville, vice-president; John Ulin, Wood River, representative to the Alumni Association board; Bill Cox, Wood River; Dale Rolando, Benld; and Dale Clausen, Jerseyville.

The first activity sponsored by the new constituent society, will be a buffet July 14 on the patio of the Alumni House. Following the buffet, Dental School alumni will attend the Doobie Brothers concert at the Mississippi River Festival.

25 cent swim at park pool Friday

"Quarter Day" at Wilson Park pool, when children and adults with park district ID cards may swim at a reduced cost of 25 cents each, will be held again Friday, June 30, during the pool's regular operating hours from 1 p.m. to 8 p.m.

The special day was scheduled to take place the past Friday, but inclement weather resulted in only two youngsters turning up at the pool to swim, George Wilkins III, manager said.

In addition to June 30, "Quarter Days" also are scheduled on Friday, July 21, and Friday, Aug. 11.

\$1 1/2 million to UW in 25 yrs. by GC Steel's employees

Contributions by Granite City Steel employees to the Tri-Cities Area United Way have passed the \$1.5 million mark. Payment last week of a quarterly pledge of \$42,500 to the United Way by the GCS Labor-Management Torch Club, on behalf of employee members, brought the contribution total to \$1,540,000 since the club began as the 30-Minute Club in 1953. Before the year is over, the remainder of the club's \$170,000 pledge for 1978 will bring that total to \$1,625,000 to the United Way and its predecessor organizations — the United Fund and the Community Chest. Labor-Management Torch Club members contribute from 30 minutes to two hours of their pay each month to varied welfare, health, character-building and educational causes through payroll deductions. Total contributions to all causes since 1953 will reach nearly \$2 million by the year's end — \$1,981,275.

Bradley Crown new deputy

Bradley A. Crown, 22, of 917 Grand Ave., Madison, has assumed his duties as a Madison County deputy sheriff. Crown is the son of John and Beverly Crown, 2300 Dwight Drive, Granite City. Crown said that his interest in law enforcement was developed through the programs and activities of Explorer Post 10-4 sponsored by Madison Police Unit 110. Crown has been associated with Post 10-4 since he was 15 years old. For the past year and a half he has worked as a dispatcher for the Madison police. He graduated from Granite City High School in 1977 and currently is a student at Southern Illinois University at Edwardsville, majoring in human services.

Awards highlight South senior vocal banquet

Recognition of senior choir members and presentation of awards highlighted the sixth annual Senior Vocal banquet by the Granite City High School South Vocal Department at Charlie's Restaurant. A feature of the program was presentation of Senior Vocal awards to 15 recipients, Lori Clement, Pam Fuchs, Kim O'Dell, Lisa Landye, Terry Smotherman, Debi Thebeau, Dan Hunnicutt, Kevin Harmon, David Lopez, Tracy Tracy, Linda Walsh, Rhonda Rippee, Rita Lovins, Marc Little and Terri James. The top senior award — the National School Choral Award — presented to the senior who has shown outstanding ability in performance and service, was presented to Dan Hunnicutt. He is the son of Mr. and Mrs. Dennis Hunnicutt, 2608 Cleveland Blvd., and has been active in all concerts and musicals.

Third annual Alpine days

The Madison Business Association (MBA) will sponsor its third annual "ALPINE" days Friday and Saturday, July 14 and 15, in Madison. The Madison stores will feature "Alpine" specials on the sidewalks and inside the various stores. Dave Leipziger of Glick's is general chairman of the event. Alpine music again will be featured by strolling musicians. Civic organizations and churches wishing to set up stands along Madison Avenue are being encouraged to do so, Leipziger said. Groups wishing to participate are being asked to contact Wayne Scannell of Wayne's Men's Wear at 452-7110.

THOMAS LEFTFIELDER DAN BIXLER takes a cut during the first game of his team's doubleheader yesterday with cross-town rival Mercer at Wilson Park. Bixler doubled in the first game, which his team won 6-3. The second game was another story, however, Mercer pounded Thomas 21-7 in a five-inning game.

2,500 see hot rivalry

It is beginning to become a habit for Kent Schrader of Kirkwood, Mo., winning the sprint car feature race at Tri-City Speedway, that is. Schrader won his third consecutive feature race in as many weeks Saturday night, giving him a massive point lead over the other sprint drivers who have competed here since that class of race cars joined the weekly race card three weeks ago.

Schrader, who is driving for Dean Cook of Farmington, Mo., started the night strongly,

winning the first heat race, just in front of Danny Frye Jr. of Florissant, Mo.

Cliff Cookrum of Benton won the second heat, trailed by John Kemp of Belle River, Ill. The third heat was won by Ron Milton of Jacksonville, Ill., with Dean Shirley of Lincoln, Ill., second.

Milton, Cookrum, Schrader and Frye finished first through fourth in the trophy dash, almost side-by-side, and Chet Johnson of Dennison, Ill., won the semi-feature race, trailed by Al Thomas of Ludlow, Ill.,

and Bob Dunn Jr. of Springfield, Ill.

In the feature, Schrader finished six car lengths ahead of a pack of four cars. Phil Howe of Jacksonville finished second by a narrow margin in front of Jim Horn and Hershel Jenkins of Decatur and Cookrum.

Dalton Walker of Curryville, Mo., a stranger this year to Tri-City racing, topped all comers in the late model stock car feature race, after two earlier leaders turned into the pits with mechanical problems.

C. C. Corbin of East Alton led the first nine laps of the feature, until his car's engine overheated. Jim Thompson of Belleville then assumed the lead for the next six laps, but handling problems forced him out of the race.

Walker next piloted his 1976 Camaro into the lead and held on the checkered flag. Gary Potter of St. Charles, Mo., was second with Mike Spears of Troy, Mo., third.

Corbin topped Bucky Beasley of Ellisville, Mo., in the first heat and Thompson won the second heat race in front of Kenny Shrum of St. Charles.

Harold Bryeans of Maplewood, Mo., won his third sportsman car feature race of the year, leading Granite City's Les Gibson by five car lengths.

Paul Humphrey Sr. of Dupu was third, trailed by Mike Nikonovich of Granite City, Brian Eaves of Madison and then Paul Humphrey Jr. and Randy Weeks, both of Granite City.

Gibson topped Weeks in the first heat race and Bryeans, Nikonovich and Eaves finished in that order in the second. A crowd estimated at 2,500 sat through the hot and humid evening to view the program.

The sprint cars, late model stocks and sportsman races will return to Tri-City Speedway this Saturday night, with hot laps at 7:30 and the first race at 8.

In Intercity play . . .

Mercer unloads on Thomas

GRANITE CITY — When the Thomas Intercity League baseball team made second place (Red Division) Mercer its first victim of the season here yesterday, 6-3, in the first game of a doubleheader, little did it know what it was in for.

And when Thomas took a 4-1 lead going into the bottom of the third inning of the second game, little did it know, but it soon found out . . . the hard way.

Mercer exploded for 12 runs in the third inning, two more in the fourth and six in the fifth to gain revenge on its cross-town rivals for that first game defeat in the second game which was called after five innings with Mercer in front 21-7.

Thomas 6-7, Mercer 3-21.

Trailing 4-1 in its 12-run third inning in the second game, Mercer came back behind a two-run homer by Jim Greenwald, a one-run double by John Lakin, a sacrifice fly by Pat Peterson, two hits and an RBI by John Urban, two hits and an RBI by Bob Hughes, two base hits and two RBIs by Jack Scully in addition to a host of Thomas walks and errors.

The six-run Mercer fifth in-

ning was highlighted by a grand-slam home run by Pat Peterson. Thomas scored in its half of the fifth on a two-run home run off the bat of Scott Pritchard.

Kirk Champion started the game for Mercer and was relieved by Randy Leyerla in the third inning. Robert Waynright started for Thomas. He was relieved by John Pritchard in the fourth. In the first game, Thomas pitcher Terry Savage turned in an outstanding performance, going all the way while scattering six hits. Sam Pastrovich started on the mound for Mercer and was relieved by Lakin in the seventh.

Thomas scored four runs in the top of the seventh to break open a 3-1 tie. Jay Morgan walked. Savage singled followed by a one-run single by Mike Pritchard.

Mike Jaravich singled, followed by a triple. Rich Fossick which scored Jaravich, Pritchard and Savage. Dennis Sohringer singled home Fossick for the final run.

Mercer took an early 1-0 lead in the fourth inning when Jack

Scarborough walked, moved to third on Peterson's base hit and scored on a single by Urban. Thomas came back in the top of the fifth inning to tie the game at 1-1 only to see Mercer grab a 3-1 lead in its half of the inning. Eldon Warfield and Jeff Scarborough walked, followed by a base hit and two RBIs by Jack Scarborough.

Thomas tied the game in the sixth inning when Jaravich walked, moved to second on an error by Mercer. Second baseman Bob Hughes also scored on a double by Dan Bixler. Thomas scored its second run on a fielder's choice.

East Alton 3-2, Mitchell 2-3.

Mitchell gained a split yesterday its doubleheader with East Alton when Bill Stolle drove in Gordon Faioli with the winning run in the bottom of the seventh inning and the score tied 2-2 in the second game.

On the day, Stolle drove in order to score, said Champion. "But that's great to see . . . that two-out hitting. We're going to need it if we want to stay alive very long in this league."

Tri-City 11, Washington 1.

Tri-City's bats exploded for 10 hits and 11 runs (six in the fourth inning) to earn the victory.

Three Tri-City pitchers saw action on the mound, allowing six hits and two earned runs. Four of the six fourth-inning runs were scored by Champion, scoring Tretter and Joe Parente. Tretter had walked and Parente reached

base on a fielder's choice. Tri-City scored three more runs in the sixth inning on five hits and a walk.

Washington didn't score until the fifth inning of the doubleheader, thus breaking a string of 23 consecutive scoreless innings by the Tri-City pitching staff, dating back to last Wednesday's 7-1 triumph over Edwardsville.

"QON'T SAY I'm surprised at our pitching staff," said Champion. "But I will say that early in the season, it was one of my main concerns."

But as long as we continue to get this great pitching, we could be all right. In this league, though, there are so many good teams who can beat you at any

time.

"We've got a big week coming up," said Champion. "We're at East St. Louis Monday, play Marissa at home Tuesday, play home to Bethalto Wednesday, Cahokia's here Friday and we go to Collinsville next Saturday. By this time next week, we should know more about where we're going to finish up."

keeping alive a Tri-City threat. Keith Champion later drove in the only run of the game in that same inning during Tri-City's 1-0 victory. In the second game, Tri-City out-slugged Washington 11-4.

Tri-City 1, Washington 1.

Jeff Tretter and Vrennick combined to two-hit Washington in Saturday's first game, facing only 23 batters and erasing one of them in a double play.

But Tri-City needed a little two-out hitting in order to score a lone run.

In the third inning with two out, Tri-City first baseman Jim Thurmon singled up the middle. Shortstop Jim Hennrich singled to right and catcher Keith Champion singled in Thurman.

"We had to bungle three of the

four hits we got in the whole game together with two out in order to score," said Champion.

Young athletes successful in regional sports jamboree here

Two Granite City girls led the field in scoring two victories each in Illinois Jaycees' Junior Sports Jamboree regional contests held Saturday at the Granite City High School South athletic field.

Local regional winners, scheduled to represent this area at the state finals, and their events, are:

Bantam Division — Anna

Marie Skinner, first place in the 100-yard dash with a time of 14.3 seconds and first in the 50-yard dash in 7.5 seconds.

Junior Girls — Pat Skinner, first, long jump, 15.8 feet and first, 440-yard run, 1:02.

Junior Boys — Rick Daily, first, baseball throw, 260 feet, four inches and second, high jump, five feet, three inches.

Senior Girls — Clara Bates,

first, 100-yard dash, 12.5 seconds, and second, long jump, 13.7 feet.

Bruce DeRuntz of Granite City won the mile run with a time of 5:14.6 in the senior boys' division.

The Jamboree's regional contest was sponsored by Granite City Jaycees under the direction of Danny Poston, chapter president.

Lloyd Sharp, David James, Craig Kessler, Ken Myracle, Phil Beljanski, Bob Batley and David Mendoza. They were coached by Bob Yount and Phil Hill Jr.

Goalkeepers for Granite City were DeMott, Tinsley, Beljanski, Batley and Mendoza.

GRANITE CITY — Imagine. Some 400 youngsters in one place, all doing the same thing.

That was the case here Saturday at the Southwest Region Illinois Jaycees Sports Jamboree hosted by the Granite City Jaycees and held at Memorial Field at Granite City South.

The events in the jamboree ranged from the high jump, long jump and running events to the baseball throw.

The ages also ranged quite a bit. The Bantams were 9 and under. The Midgets were 10 and 11, the juniors 12 and 13 and the seniors were 14 and 15. All participants were winners at previous Jaycees District Jamborees all over Southwestern Illinois.

The winners of the events will advance to the state competition to be held in Champaign. FAR LEFT: Mike Robertson of Granite City shows his stuff in the long jump. BOTTOM: Rick Campbell, 13 of Granite City (left) taken off in the start of the 100-yard dash. LEFT: Eleven-year-old Darrin Armour of Granite City gets set to throw the baseball in the Midget Division.

I Bet You Didn't Know BROUGHT TO YOU BY... MILTON MATHEWS

Here's an intriguing baseball question... Although Ty Cobb was one of the greatest of all time, his uniform number was never retired... Why not? ... The reason: Cobb never had a number! ... When he was in the majors, many players did not yet wear numbers on the uniforms.

Now Pete Rose has made 3,000 hits, did you ever realize all the great players who never made 3,000? ... They include Babe Ruth, Joe DiMaggio, Ted Williams, Lou Gehrig and Mickey Vernon.

Wanted—long attention span

The great models of mature concentration today are Chris Evert and Bjorn Borg. They have what some people call a long "attention span."

During points, games, sets and matches, their heads are right there, at the task at hand. Sportswriters describe their successes with words such as "tenacious, dogged, persistent and steadfast."

All aspiring tennis players (including you) can increase their attention spans. The first step is to learn more about it.

Your attention span functions like a rubber band; you stretch it out only so long before it snaps. This explains why you gaze out the window, have coffee breaks and play games. It's only a matter of time before a person's attention span breaks and his

productivity drops to zero.

On a tennis court, during a long point from the baseline, the person with the longest attention span and greatest patience will normally prevail. Some players can hit two balls before getting into a groove, some three, some four, and some 44.

This is why it helps to learn tennis at an early age. Before a person is big enough to hit topspin serves and forehand volleys, he develops the basic mental skills of patience, restraint and self-control through long, suspenseful baseline rallies.

During these long points and games the young player learns that you have to "recuperate" so you don't snap the rubber band of your attention span.

All top players use some

form of recuperation. On rangers, they use the 80 seconds to relax and recharge their attention span.

During a long point they consciously relax their grip and body by bouncing rhythmically on their toes.

After the point, the great players will take extra time before starting the next one. In the nervous anxiety of an exciting point, adrenalin and electrical energy fill the player's muscles.

Stars like Borg, Connors, Evert and Vilas walk slowly back to position, take deep breaths, wipe their brow, straighten their strings, and deliberately bounce the ball before serving. All this takes time — time to relax and recuperate their attention span.

This is especially important after missing. Next time you watch a pro match, notice how the winning player speeds up the tempo, while the loser tries to slow it down.

THE SUPREME COURT IS RIGHT... NEWSPAPER OFFICES SHOULD BE SEARCHED!!

THE SAME DECISION APPLIES TO INDIVIDUAL CITIZENS, TOO.

HEY!... WHAT KIND OF LAW IS THAT?!

Doctor—Stay well to avoid cancer

By WILLIAM J. GOLDWAG, M.D.

Q. For three weeks I've had a feeling like I swallowed an aspirin but it didn't go down. It's not there all the time but it starts sometimes after I eat and sometimes when I lie down to go to bed. It goes away in a little while, but I'm starting to get worried about it. I was hoping it would go away by itself.

A. To be honest, I'm beginning to worry about cancer. You hear so much about cancer and I have so many friends who have had it lately that I'm scared to go to the doctor. I figured that writing to you would be less frightening to me.

Q. Do you want to know how to avoid getting cancer? It's simple. Stay well! Don't laugh. I know it sounds ridiculous, but that's the clue to prevention of all disease.

Don't do the things that cause cancer and keep healthy. Some things do predispose to cancer — smoking, heavy drinking, exposure to toxic chemicals, and some unfortunate

emotional patterns — like worry!

Now everyone who smokes or drinks doesn't get cancer, but more do than those who treat their bodies a little better than to fill them full of dangerous chemicals.

Worry is just like a dangerous chemical. It lowers body resistance and one thing you require for good health is a high level of resistance to damage to your body cells. The chemicals released in the body during worry, anxiety, conflict and tension are not always evident and obvious to you but they are there, nevertheless. They are normally present during an actual emergency or threat to survival but after the crisis is over, they are not supposed to be there, and the body rests and recuperates. If these substances keep being released, an abnormal state of affairs results and normal function is interfered with. That's when trouble starts and if resistance drops low enough or often enough, some abnormal cells may be

allowed to reproduce instead of being killed off by your body defenses.

Now so far as your complaint goes, you may need to have some X-rays or examinations to check it out. On the basis of probabilities, a spasm of a portion of the esophagus, the tube going from the throat to the stomach, is the likely offender.

A hiatus hernia which is a part of the stomach that bulges up through the diaphragm where the esophagus passes through it is another likely possibility. There are other things that can also cause your trouble but you need an examination to diagnose it.

Have it checked out then forget about it and relax and it will more than likely go away.

One other thing — see if there are things happening during this time in your life that you just "can't swallow" or that get "stuck in your craw." You might find some interesting relationships.

Darn those pigeons!

Q. My sister has been plagued by pigeons roosting on her porch roof and window sills. Every day in cleaning day. How can she prevent this nuisance? She cannot find out where the pigeons are coming from. — Ann M.K.

A. An odorous, non-toxic, gelatinous substance to discourage birds from roosting is available at many large garden supply houseware dealers. It is harmless to the birds, but disagreeable underfoot to them. Natural landing places should be treated with this preparation. It is not washed away by rain and usually remains effective for about a year.

Solution

I AM THE CHEESE, by Robert Cormier; Dell Publishing Co.; 220 pages; \$1.50. A former newspaperman, Cormier has written a chilling novel about the federal government's so-called Alias program. It's a haunting tale about a government that issues new identities to a family, under the guise of protection from the crime syndicate, then fails to provide protection. The novel was inspired by Cormier's study of the Alias program and how it works — or is supposed to work.

JOKE OF THE WEEK: Can anyone take CHARO's demand to be considered "a serious artist" seriously?

Gotta admit it's pretty hard to do after seeing Charo's recent Vegas act, at the Sahara Hotel, in which she literally undresses a man from the audience. Maybe she should stick to singing and playing the guitar.

\$2,717 allocated by Society for Crippled

The Granite City Society for Crippled Children held its seventh annual meeting last week in the cafeteria at St. Margaret Mary Church, with funds distributed to groups aiding the crippled.

Mrs. Lily Chaboude, retiring president, welcomed members and guests and reviewed the organization of the Society, its policies and goals, and the continuing need in the community for a local group dedicated to the aid of crippled and handicapped children.

A. E. Michel, chairman for allocations, presented the Society's annual contribution of a \$500 bond to the Shrine Hospital and a check for \$125 for the travel fund of Aina Temple, to be used for transportation of burn victims. Accepting on behalf of the Shrine was Don Treaster, president of the Tri-City Shrine Club.

Michel reported that allocations for 1978 to date are \$200 to special Olympics for the handicapped, \$592 for a trip to the Ice Capades for special education students, \$625 to the

Shriners and \$1,500 for a mechanized wheelchair.

The projects total \$2,717, he noted.

Mrs. Gertrude Luebben, co-chairman for the "rockathon," presented the first-place award to Officer (Friendly) Fred Hoffman, second place to Pontoon Baptist Church, oldest participant award to Anna Kuruz, who is 82 years old, and the youngest rocker award to nine-year-old Jeff Chaboude Jr.

A special award was given to Mrs. Fanny Epstein for obtaining the most sponsors.

Guests were entertained throughout the evening with organ selections by Kelly Osborn of the National School of Music.

Harold LeMaster and Edmund Firmer were welcomed as new members.

Committee members for the annual meeting were Bonnie Lazenby, Gertrude Luebben, Ernest Hopkins, Louis Pasch, A. E. and Catherine Michel, Skip and Faith Christiansen, Mildred Talley, Barbara Watz, Fanny Epstein and Glen and Lily Chaboude.

Advance consultation for Amtrak hearing

A unique "outreach" program to help the public make its views known in hearings on the future of rail passenger service was announced by Howard A. Heffron, newly appointed as the first director of the Office of Rail Public Counsel.

The office is a new independent agency established by Congress to promote public participation in proceedings concerning railroad transportation issues.

Hearings will be conducted in cities throughout the country by the Rail Services Planning Office, a unit of the Interstate Commerce Commission. RSPPO has scheduled one of the hearings to be held in St. Louis on July 10.

Primary purpose of the hearings is to receive public reaction to recommendations by the U.S. Department of Transportation for major cutbacks and revisions in Amtrak's system of passenger routes and services. If the DOT proposals are adopted, the major impact on this area will be the elimination of daily rail service to Little Rock, Dallas and Mexico.

Under the Rail Public Counsel's outreach program, an attorney will be available to consult with community leaders and others interested in the DOT recommendations, con-

cerning their possible participation in the hearing.

The name, address and telephone number of the Rail Public Counsel outreach attorney is: Daniel M. Katz, Suite 1004, 1925 N. Lynn Street, Arlington, Va. 22209, phone (703) 528-5500.

He will meet with interested persons here on June 28. Meetings have been scheduled for 8:30 a.m. and 1:30 p.m. at the Regional Commerce and Growth Association, 10

Hearings will be conducted in cities throughout the country by the Rail Services Planning Office, a unit of the Interstate Commerce Commission. RSPPO has scheduled one of the hearings to be held in St. Louis on July 10.

For further information about the meetings, Quad Citizens may call Roland Marquart, (314) 231-5555, or Greg Sterns, (314) 425-4250.

RSPPO has announced that the hearing July 10 will take place at the Soldiers Memorial, 1315 Chestnut St.

Morning, afternoon and evening sessions are planned. Those desiring to attend will be extended as long as necessary for all witnesses to be heard.

Persons wishing to participate in the hearing are to contact the local RSPPO coordinator as far in advance as possible. She is Joyce Eberneck, (314) 425-4103.

Continental Singers here tonight

A 90-minute concert of contemporary Christian music will be presented by the "Continental Singers and Orchestra" at 7:30 tonight at Nameoki United Methodist Church, under the direction of Dennis Kern.

The concert here, part of the group's 75-day summer tour, is being presented through the cooperation of seven United Methodist churches in the Quad-City area.

The sponsoring churches are Trinity, Dewey Avenue, Niedringhaus, Good Shepherd, Madison, Venice and Nameoki. The public is invited to here the program.

Kern is in his fifth year with the "Continental Singers and Orchestra." He began as a performer on the 1973 tour in the Far East.

In 1975, he was assistant director for the northern Europe tour and in 1976 held the same post for a tour of Switzerland, Germany and Holland.

Kern directed the 1977 tour covering the southern United States, as well as Barbados, Jamaica and Puerto Rico.

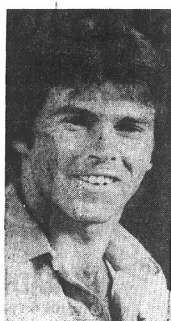

This year's schedule will take the group through Great Britain, Holland and the United States.

The director graduated from the University of Arizona at Tucson with a degree in architecture. He is working toward a degree in music education while assisting in choral work at a Tucson Christian high school.

In addition to directing, Kern is a vocalist and for three years directed and sang in his own contemporary vocal group in Tucson.

This year's program, entitled "Sing It With Love," features many popular Christian songs being heard around the country today, including "Give Them All to Jesus," Janny Grine's "Bread Upon the Waters," Larry Norman's "I Am Your Servant," Barry McGuire's "Communion Song," and a medley of praise choruses.

The presentation also includes contemporary gospel music, spirituals, anthems and hymn arrangements.

NAMED TO DEAN'S LIST

Valerie Bell has been named to the dean's list at Blackburn College, Carlinville, for the spring semester of 1977-78. To attain the dean's list, a student must achieve at least a B-plus average for all his courses — a minimum grade point average of 3.5 out of a possible 4.0.

Earners plan will be topic

The Madison County Legal Secretaries Association will hold its next monthly meeting on Tuesday, July 11, at Sonny and Char's, Route 157, Collinsville.

Dinner will be at 6:30 p.m. and the meeting will begin at 7:30. Joe Sinner and Toni Sinner, trustees under the wage earner plan for bankruptcy, will be the guest speakers.

Eight and Forty to host picnic

Madison County Salon 53, Eight and Forty, met at the American Legion Hall in Alton, for its monthly gathering with Chaplain Mary Massman in charge.

Plans were completed for a picnic scheduled for July 20 at the Alton Post.

Several members plan to attend the convention in Chicago in July, it was announced.

Attending were 19 members presenting Alton, East Alton, Edwardsville, Highland, Madison, Venice and Granite City.

VISITS ROSE GARDENS

Mrs. Hazel B. Ross of Granite City was among the visitors at the Hodges Rose Gardens in west-central Louisiana's famous "Garden in the Forest" area recently.

MR. AND MRS. DAVID SMITH. They were married at the Bethel Baptist Church in Troy, Ill. The bride is formerly Miss Linda Sue Tracy of Edwardsville, and the groom was a resident of Granite City.

Smith-Tracy nuptials

The Bethel Baptist Church in Troy, Ill., was the scene of the wedding of Miss Linda Sue Tracy of Edwardsville, and David Wayne Smith of Granite City, on April 22.

Given in marriage by her father, the bride wore an Empire style gown featuring a fitted bodice, oval neckline and cap sleeves, accented with lace appliques.

She wore a matching fingertip mantilla veil.

Maid of honor, Miss Mary Rayfield, selected a peach color dress and bridesmaids, Miss Diana Tracy appeared in a blue gown, and Miss Lisa Tracy selected yellow.

Attending the groom were Tony Gonzales, Dan Miller and Scott Kirkpatrick.

Following their honeymoon in San Francisco, Calif. the newlywed couple are now residing at 32 Village Court in Edwardsville.

Concert Sunday at Nameoki Methodist

The Rev. Richard Anderson, a bass baritone who has performed in opera and oratorio extensively in Europe and the United States, will be in concert at the Nameoki United Methodist Church, Pontoon Road and Primrose Avenue, on Sunday, July 2, according to the pastor, the Rev. Dr. Max Martin.

Rev. Anderson who is currently campus minister at Eastern Illinois University where he represents the Presbyterian, Disciples of Christ and the United Church of Christ churches, will appear at the 9 a.m. worship service and again at 2:30 in the afternoon.

After graduating from Yale University in 1970 as a Scholar with Masters Degrees in Divinity and Music, he began singing in West German opera houses, including Hamburg, Detmold, Bremerhaven, and Saarbrücken. Rev. Anderson has also given concert recitals in London, Vienna, and Geneva, Florence, Naples, Stockholm, Helsinki, and Paris.

Richard Anderson was the first American singer asked to record on the Debut Series for classical records in the world today. His recording included Brahms' songs and Negro Spirituals. Rev. Anderson has also directed productions of Jesus Christ Superstar in Europe and at his own expense.

REV. R. ANDERSON
Guest Vocalist

musical Snow White and The Seven Dwarfs was premiered in West Germany, Ill., and filmed in Tokyo, Japan.

While living in Hamburg for six years, Rev. Anderson also served as associate minister of an Anglican Church for six years. Rev. Anderson also served as associate minister of an Anglican Church and the American Community Church. From 1974-1976 Rev. Anderson was chairman of the music department at International School of Hamburg and coached its basketball teams to the International School Championships two years in succession.

Navy Mothers meet for social

A social meeting with games and refreshments was held Thursday by the Quad-City Navy Mothers Club 850 at the VFW Hall.

Mrs. Verna Spurrier was honored on her birthday with a gift from the club commander, Stella Miller.

The mystery package was won by Hazel Jones and a special prize was received by Peggy Jones.

Mrs. Alice Christian, Mrs. Peggy Jones and Mrs. Verna Spurrier were hostesses for the special event, and served refreshments to 16 members and a guest, James Thompson.

Prize winners at games were Mrs. Margaret Minns, first; Mrs. Norma Darnell, second and Mrs. Peggy Jones, third.

Brief reports were read and deferred for action until the July 13 business session at the VFW Hall.

Honor student receives degree

Miss Toni Lorraine Eck, daughter of Mr. and Mrs. Margaret Eck, 3817 Village Lane, has graduated with honors from Southern Illinois University at Edwardsville.

She received a bachelor of science degree in Nursing, with a major field of concentration in the maternal newborn.

Miss Eck, who was on the Dean's List, was named to the Nursing Honor Society.

A former honor graduate of Venice High School, she also attended Barnes Hospital School of Nursing in St. Louis.

Miss Eck has accepted a position with St. Elizabeth Hospital here and also is planning to continue her academic education at a future date.

City pays cost of training 6 paramedics

The Madison County Manpower Development program has turned down an application by Granite City to pay tuition costs for five emergency medical technicians now in training as paramedics, the City Council was told last week.

As a result, the council approved a request by Fire Chief Don Parente to pay the tuition cost totaling \$1,000 at a rate of \$200 for each EMT now in training. The men are in training at a paramedics course offered at the Wood River Township Hospital.

Earlier, the council approved a tuition bill of \$200 for a sixth EMT who is taking the training, but at that time it was assumed the cost for the other five men would be paid by the Manpower program.

Administrators of the program notified Parente that the training costs were not eligible for payment out of manpower grants.

CAUGHT NEAR STORE. PENNANTS RECOVERED. Two Granite City youths aged 17 and 18, were arrested behind the Kroger Food Store in Nameoki Village Shopping Center at 12:35 a.m. Sunday with 19 flags from above the store, but were later released without charges being filed.

Officers had been told someone was on top of the store attempting to take the flags, and police responded and found a car behind the store, driving away without headlights on.

The youths in the car agreed to let officers check the trunk, and the pennants were found there, it was alleged. Police said the two were released at a station house (police station) adjustment.

Chouteau budget hearing

A public hearing on Chouteau Township's tentative town budgets will be held at 7 p.m. Monday in the new town hall.

Youth arrested in forgery case

Danny Mabe, 17, of 1836 Poplar St., was arrested by Pontoon Beach police at 9 p.m. Friday on a warrant alleging forgery.

Mabe was named in an informational document from the Madison County state's attorney's office alleging he cashed a forged check at a Spartan service station in Pontoon Beach May 29.

An attendant identified the youth who cashed the check as one who had been questioned by Pontoon Beach officers in an unrelated incident at the station a few days before the check was returned from the bank as forged, police reported.

Officers had made a report of the previous incident, involving suspicious persons in a vehicle at the station, and Mabe's name was taken from that report during the investigation, officers said.

His bond was set at \$20,000 and he was held during the weekend in the Granite City Jail pending a court appearance today.

and community center building. The new budgets total \$204,760, which is \$6,810 lower than the budgets for the 1977-78 fiscal year which totaled \$211,570. The decrease is due to a \$25,000 drop in the federal revenue sharing budget which declined from \$95,000 last year to \$69,000 in the new fiscal year.

A new \$9,500 budget for the anti-recession fiscal assistance act fund, which is a federal grant program helps offset the loss in federal funds, somewhat.

The town fund is tentatively set at \$73,960 (\$87,770 last year), and the general assistance fund is posted at \$55,300 (\$48,800 last year).

Following the public hearing, the Chouteau Town Board of Trustees will meet to adopt the new budgets.

Man injured in crash at SIUE

Steve Hurt, 23, of 2408 St. Clair Ave., was injured when his 1977 Ford pickup truck rolled over on its side on the southbound side of the Edwardsville Sunday evening and he was taken by ambulance to St. Elizabeth Hospital at 5:40 p.m. Sunday.

He suffered a broken right shoulder, a cut to the back of his head and abrasions to his right shoulder and back. X-rays were taken and he was admitted.

Says struck by umbrella

The Rev. Edwin Arentsen of Trenton, Ill., an anti-abortion priest who has been leading picketing at the Hope Clinic for Women, 21st and Iowa streets, told police at 1:30 a.m. Saturday that he had been struck on the head with an umbrella carried by a man.

Rev. Arentsen said he was showing pamphlets to three persons the man was escorting to the clinic from the parking lot and the man pushed him to the side. When the priest refused to move, the man hit him on the head with the umbrella, it is alleged.

An employee was questioned at the police station, and was released after he denied striking the priest. Rev. Arentsen was told he could file a complaint with Assistant State's Attorney Casper Nighobossian.

Nighobossian told the Press-Record he is disqualifying himself from any cases dealing with the priest, since he was relieved of jurisdiction in the follow-up of a disorderly conduct conviction against the priest this spring.

Rev. Arentsen suffered a small cut to his scalp Saturday, but did not require immediate medical treatment.

In comedy play at Pt. Lookout

Miss Linda Parish, daughter of Norman and Elaine Parish, will be performing in the Pulitzer prize-winning comedy "You Can't Take It With You," starting June 28 at the Beacon Hill Summer Theater in Point Lookout, Mo.

It will run through July 1 and again from July 5 through July 8. Beacon Hill Theater is part of the speech and drama department of the School of the Ozarks College, and produces three plays during its summer season.

Miss Parish is a speech and theater education major at the School of the Ozarks, and will be appearing in "You Can't Take It With You" as Rhea, the 30-year-old observer — and sometimes maid — of the Sycamore family. This is Miss Parish's first summer at Beacon Hill.

THEFT FROM AUTO
A window was broken to gain entry to the auto of Lowell Allison, 1034 Greenwood St., Madison, parked at 12th and Greenwood streets, and a CB radio was stolen. It was discovered at 10:55 p.m. Saturday.

Woman charged in thefts by children

Lois M. Nelson, 38, of Brighton, Ill., was charged with theft and four counts of contributing to the delinquency of a minor after she and two juvenile girls were arrested at K-Mart on Nameki Road at 5:40 p.m. Saturday.

Police alleged juvenile girls were helping her in stealing items from several stores. Items from three stores with a total value of about \$145 were found in her station wagon, on the K-Mart parking lot, officers said.

In addition to the two girls caught in the store, ages 13 and 14, three girls were found in the station wagon with the allegedly stolen items. The girls in the car were 7, 11 and 12 years old.

Store security personnel first alleged seeing the older juvenile girls putting items in their purses. Mrs. Nelson and the two girls were taken into custody.

One of the girls said there were three more girls in the vehicle and when officers checked, they found a grocery bag and a purse full of store items which allegedly had not been paid for, according to police.

Recovered from the vehicle were \$77 worth of jewelry, swimwear, clothing and other items from K-Mart; about \$15 worth of insect spraying equipment from Central Hardware, and about \$50 worth of clothing from the Leader Store, it was alleged.

Mrs. Nelson posted \$60 cash bond and was released. The 13 and 14 year old girls were charged with theft and were released on notices to appear in court here July 27.

Workshop on aging

Southern Illinois University at Edwardsville has scheduled a two-day conference for elementary and secondary educators who would like to learn how they can contribute to the field of aging.

Cosponsored by the SIUE School of Education, the department of psychology and the Gerontology Program, the workshop will be Thursday and Friday, June 29-30, in the Mississippi and Illinois Room of the University Center.

Purpose of the workshop will be to offer educational personnel in grades kindergarten through 12th an opportunity to learn about major developments in the field of aging that are potentially useful in the classroom.

Registration, which includes luncheon, is \$25. The workshop will be limited to 30 participants, with applicants accepted on a first-come, first-served basis.

Topics will include: basic concepts in the field of aging and their applicability in K-12 settings; attitudes toward aging and implications for the educational process; a survey of current involvement in aging; samplings and suggestions for K-12 curricula on aging; and communication and aging for educators.

'Safety Break' for holidays

The Illinois Free Spirit REACT Team will operate a 24-hour "Safety Break" station for weary travelers during the 4th of July weekend as part of the National REACT safety break effort against highway accidents.

Free coffee, cookies, cold drinks, and hospitality will be served at the Free Spirit REACT safety break this 4th of July weekend, at Highway 111 and I-270 behind Don's Shell Service Station.

The break begins Friday, June 30, at 4 p.m. through 6 p.m. July 4th.

"More than 49,200 people died on our nation's highways in 1977, and 2,110 of those were in Illinois. Over the 4th of July weekend, from 6 p.m. July 1 to 12 midnight, July 4, 19 were killed in Illinois," Trooper John

Lybarger, public information officer of Illinois State Police District 11, said.

Corporal Patterson of Missouri State Police said, "1,210 were killed in Missouri in 1977, and 13 died over 4th of July weekend in Missouri last year."

Along with 43 other states, Illinois and Missouri will have operation CARE (Concentration Accident Reduction Effort) over the holiday, along with a 55-mile-an-hour speed limit.

"The Highway Patrol will be there to assist, but without help from the public we will continue to have high fatality rates," Lybarger said.

"Our aim is to get the travelers off the road to relax, have a cup of coffee and resume their trip refreshed, so we can avoid some of the highway fatalities this holiday weekend may bring," REACT leaders said.

"Many of these fatalities are attributable to rushing, sleepiness, fatigue, and highway hypnosis."

The Free Spirit REACT team is one of 2,000 volunteer citizens band radio groups affiliated with the REACT International Safety Break program.

In addition to the Safety Break the Free Spirit REACT Team has the support of Captain A. Bertagnoli, commander, District 11, Illinois State Police at Maryville, Ill., the Depart-

ment of Transportation and other officials whose departments are working closely with the Free Spirit REACT Team.

"The public is invited to stop by and observe REACT. The more people we can educate about REACT, and the more they know about us, the more we can help," M. G. Downing of the team said Friday.

Dunking machine planned at park

At a regular meeting of the Granite City Democratic precinct committee, the organization made final arrangements for "dunking machine" booth to be held at the annual Fourth of July celebration in Wilson Park June 30 and July 1, 2, 3 and 4.

Aiding the Democratic precinct committee will be the Granite City girls' softball team, managed by Theodore Feiler and sponsored by Knights of Columbus Tr-City Council 1098.

Dr. J. R. Vasiloff re-elected to board

Dr. J. R. Vasiloff, Granite City Chiropractor, has been re-elected to his second term on the board of directors of the Logan Chiropractic Alumni Association.

Four hundred Doctors of Chiropractic were in attendance at a convention held in St. Louis last week.

Numerous seminars and lectures were held and the latest research reports on advancement of chiropractic techniques were reviewed.

Scott praised as most active attorney general

Illinois Attorney General William J. Scott last week was named recipient of the Wyman Memorial Award which is given each year to the state attorney general who has done the most to advance the objectives of the National Association of Attorneys General (NAAG).

Scott was selected by colleagues from 50 states at the 72nd annual meeting of the National Association of Attorneys General held in St. Paul, Minn.

The NAAG announced that Scott was voted the award "because of his leadership as Illinois attorney general in a number of vital areas."

Scott has worked to develop a cooperative approach between the states on legal problems which have a nationwide impact, including environmental law, consumer protection, anti-

trust and charitable trust matters.

A consumer complaint filed last year in Scott's office led to a nationwide class action lawsuit and joint efforts between 44 states against General Motors for engine switching. Working through the Consumer Protection Committee of the NAAG, he worked at a \$40 million settlement to benefit consumers in all the states.

As first chairman of the National Association Environmental Committee, Scott worked with attorneys general throughout the U.S. to develop effective anti-pollution laws.

His nine-year legal battle to save Lake Michigan from environmental destruction was climaxed last year with key legal victories against the City of Milwaukee, U.S. Steel Corp. and Gary, Ind., steel mills.

Scott has successfully obtained court orders against every major steel mill in the Chicago-Gary complex — the largest steel producing area in the world — requiring them to recycle and filter waste water. Scott is currently involved in major court battles against toxic and nuclear waste dumps. Recently, he won a temporary shutdown of the nuclear dump at Sheffield, Ill.

As chairman, during the past year, of the National Association of Attorneys General charitable trust committee, Scott has worked to exchange information between the states on charity frauds.

He also won a major court victory against fund-raisers who had raised hundreds of thousands of dollars allegedly for the benefit of widows and orphans of police officers, when in fact only a small percentage went for that purpose. This decision was recently upheld in appellate courts.

Illinois Attorney General Scott has served as Midwest chairman of the NAAG and is currently on the executive committee of the association. Main speaker at the meeting was Vice-President Walter Mondale, formerly attorney general of Minnesota.

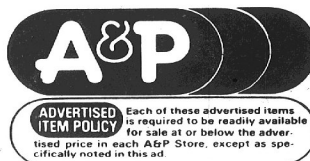

Savings bond sales increase

Madison County residents purchased a total of \$1,856,680 in Series E and H United States Savings Bonds during the first quarter of 1978, according to Henry D. Karandjef, county chairman of the Illinois Savings Bonds Committee.

Sales in the state of Illinois, during the same period, were \$129,240,837, according to Louis J. Negri, state director of the treasury's Savings Bonds Division. This is \$1,942,539 more than sales in the first quarter of 1977 and represents 23.6 percent of the state goal of \$549,000,000.

BREAK INTO APARTMENT Entry was gained to the apartment of Shiela Hahne, 1840a State St., by breaking glass in a door and reaching through to unlock the door. It was discovered Thursday. Nothing is known missing. A screen to a bathroom window also was cut, it was noted.

**CARE OF
AFRICAN VIOLETS**
Light: The plant needs good light, yet
not too much sun.
Fertilization: For best results, fertilize
every two weeks.
Watering: Water when surface soil feels
slightly moist. Then thoroughly sat-
urate the entire pot with tepid
water. Never leave pot "stranding"
in water.
Once African Violets start to bloom, they
will remain in constant bloom if given
proper watering and feeding program.

**Burns Away Fat Faster Than
Ordinary Diet... Or Even
Hours Of Exercise!**

Medical School Reports: Average Weight-Loss Per Patient - 57 Pounds!
Best of all, the proven Permathene Protein fast-loss program which is based on the Boston Medical School crash-loss diet plan is from glassful to glassful. Actually, your body keeps the very best day. And all you do is simply this: FIRST—YOU EAT. In addition to the foods you consume on this low-calorie protein-sparing diet, eat scientifically designed to keep up a high rate of fat burn-off. SECOND, YOU TAKE PERMATHENE PROTEIN once or twice a day in a glass of water, juice, or milk in place of fattening meals (start like a refreshing pick-me-up). THIRDLY, YOU DO NOTHING MORE than a few simple nightly home-ups to help maintain a high rate of fat burn-off and that's it because your body does all the rest AUTOMATICALLY! You have simply helped step up your fat-burning metabolism... as your excess weight and inches come off faster than you ever thought or dared dream possible. Never before has medical science made possible a more effective weight-loss method than this thrilling new program based upon research conducted at one of Boston's leading medical schools. So, for the body and figure of your dream... the rest is up to you.
